

The image displays various forms of calcium hypochlorite against a dark background. At the top, there is a cluster of white, cylindrical tablets of different sizes. Below the tablets are two large, irregular piles of white powder. The powder on the left is more finely textured, while the powder on the right is coarser and more clumpy. A semi-transparent white banner is overlaid across the middle of the image, containing the text 'Calcium Hypochlorite' in a bold, black, serif font.

Calcium Hypochlorite

**CAUSTIC SODA
FLAKES**

NaOH : 99%
NET : 25.0 KGS
GROSS: 25.1 KGS

MADE IN CHINA

5H3/Y26/S/09
150023PI : 012
